

#ReopenStrong Surveys

As we plan ahead for Terms 3 and 4, DCPS families are invited to share their feedback and preferences through a series of surveys. Follow the links below for open forms and instructions on how to complete. Results will also be posted here.

December 2020 Update

As we prepare to #ReopenStrong in Term 3, DCPS has prioritized hearing from our families. Since November, three surveys have been administered to ensure we are gathering feedback around not only how learning at home is going and what our families and students need to be successful, but also around what our families prefer for learning programming starting February 1.

In early November the [Tendency Public Opinion Poll](https://app.tendency.com/Welcome/Register?referrer=dd3f1767-bf53-4663-8c0e-2c772da02964) (<https://app.tendency.com/Welcome/Register?referrer=dd3f1767-bf53-4663-8c0e-2c772da02964>) launched and new questions continue to be released to the public every several weeks. Information from this survey is being used by the district to gauge feelings around learning at home, technology, health commitments, communications and engagement. DCPS will continue to gather this data and share reports through January as we learn and improve along the way.

Additionally, two learning preference surveys were administered by our school-based [Reopen Community Corps](https://dcpsreopenstrong.com/community-corps/) (<https://dcpsreopenstrong.com/community-corps/>) to gather data for school leadership to design Term 3 in person learning plans. Schools are using the demand data to help shape how students, grades and classrooms are prioritized for their return to in person learning.
